Swinburne University of Technology Acknowledgement of Country

We respectfully acknowledge the Wurundjeri People of the Kulin Nation, who are the Traditional Owners of the land on which Swinburne's Australian campuses are located in Melbourne's east and outer-east, and pay our respect to their Elders past and present.

We are honoured to recognise our connection to Wurundjeri Country, history, culture, and spirituality through these locations, and strive to ensure that we operate in a manner that respects and honours the Elders and Ancestors of these lands.

We also respectfully acknowledge Swinburne's Aboriginal and Torres Strait Islander staff, students, alumni, partners and visitors.

We also acknowledge and respect the Traditional Owners of lands across Australia, their Elders, Ancestors, cultures, and heritage, and recognise the continuing sovereignties of all Aboriginal and Torres Strait Islander Nations.

The Ripple Effect: Rippling Out by Wurundjeri artist Judy Nicholson

Tradition of OzGrav 1: Outreach

- 400+ Schools
- 23000+ Students
- 80+ PD Sessions for teachers
- 1100+ Teachers
- 250+ Public events/talks/workshops
- 93000+ Members of General Public engaged

OzGrav 2.0: Outreach Ambassadors Program

“Leading the next generation of science outreach!”

Early Career Researchers (ECRs) from across
8 Australian universities

Who We Are, What We Do

1. Provide *curriculum aligned* resources to schools

2. Bring *current science* into classrooms

3. Support *professional growth* for ECRs

1. Reaching Future Scientists

Supporting students *and* educators

2. Communicating current science

Making science *accessible* to students and teachers

Reaching broader audiences (*social media*),

3. An ECR-led Initiative: Bridging the gap

Bridge
between
professionals
and schools

**BRIDGE
THE
GAP**

Friendly
faces

Stand-out
feature of
OzGrav
Outreach

How do we do it?

Peer to peer mentoring
and training for Outreach
Ambassadors

Accessible science

Long-term partnerships
with local schools

NODE KITS

Local Outreach Materials for all nodes to support local outreach initiatives and events

Looking Forward

Building connections with the students/aspiring scientists

Distinguishing OzGrav ECRs from similar researchers

Inspiring other outreach programs

Takeaways

Investing in ECR-led outreach means:

1. More impactful engagement with students and teachers
1. Fresh, accessible science brought directly into classrooms
1. A generation of researchers confident in public communication and leadership
